Can someone either post a photo of their fuse panel (under hood next to battery) or a fuse diagram? A friend and I tried to disable the ESP by pulling the ABS fuse and we used a MKVI GTI diagram. We ended up pulling the wrong fuse (pulled the one that controls the LED DRLs) and it fell somewhere in the engine bay. We weren't sure of the amperage we thought it might be 30a and we think it's a ...

I'm not looking for tips on how to clean an engine bay in general. I'm wondering if there is any specific trouble spot I should look out for, specifically on a MkVI GTI engine bay? Any particularly troublesome wires or connections that might not be readily apparent, and shouldn't get wet? Any parts of the bay that have a bad habit of trapping water?

A VW Golf 1.4 engine will cost less than a Mk4 Golf 1.8t engine. Though they might be the same age, the 1.8t has a larger capacity and is turbocharged. A 'standard' performance engine, such as a PD150 engine, will always cost less than high-performance versions. The Golf R engine and the R32 engines are other high-performance engines.
